We have the reported vote of the following counties, which, when added to the official vote for Governor is as follows:

The Latest and Most Important Discovery of the 19th Century.

MAN'S name is more intimately connect ed with the history of the Materia Medica of the United States, or more favorably known as a pioneer in medical discovery, than that of Dr. JOHN BULL, of Louisville, Ky. His inimitable preparation of Sarsaparilla, has long stood at the head of the various compounds of that val-uable drug. His Compound Pectoral of Wild Сиквиу, has become a household word throughouthe West and South; and his Worm Lozenges, i ss than a year after their introduction attaine are putation as wide spread as the continent of North America. But the crowning glory of his life remains to be attained in his latest discovery, or rather combination, for he does not claim to have been the discoverer of CEDRON, which basis of the bitters now offered to the public That honor belongs to the native inhabitants Central America, to whom its virtues have be known for more than two hundred years. A series of experiments in which Dr. Bull has been for years engaged, has just been brought to a successful termination, and he is now enabled offer to the public a combination of Cedron with other approved tonics, the whole preserved in the st quality of copper-distilled Bourbon whisky nich he is confident has no equal in the world. in consequence of heavy exponditures incurred by the public have long since learned to estimate such things at their true value.
